

# Regulation concerning amendments to Regulations on qualification and certificates for seafarers

**Legal basis:** Laid down by the Norwegian Maritime Authority on 16 July 2016 under the Act of 16 February 2008 No. 9 relating to ship safety and security (Ship Safety and Security Act) sections 2, 6, 7, 16, 17, 18, 19, 20, 22, 43 and 45 and Act of 26 June 1998 No. 47 relating to recreational and small craft section 26 b, cf. Formal Delegation of 16 February 2007 No. 171, Formal Delegation of 31 May 2007 No. 590 and Formal Delegation of 31 May 2007 No. 591.

## I

Section 16 first paragraph should read:

(1) Seagoing service means service on board a ship providing seafarers with knowledge, insight, and skills required for the issue of a certificate or maintenance of competence. Seagoing service is deemed to be the *hourly* time actually spent in service on board in normal operation of a ship, fishing vessel or mobile offshore unit. Seagoing service is calculated in months, either as calendar month or 30 days made up of periods of less than one month.

*The seagoing service time is calculated by the following formula:*

$$D = \frac{x}{1867} \times 365$$

*D=days of seagoing service, x= number of hours worked, 1867= number of hours in a basic man-year based on an 8-hour work day.*

Annex IV is amended as follows:

In table A-III/2 with the title Function: Electrical, electronic and control engineering at the management level, Column 1 Competence should read:

*Manage operation of  
electrical and  
electronic control  
equipment*

Table A-III/6 is amended as follows:

### **Specification of minimum standard of competence for *electro-technical officers***

Training and evaluation for Certificate of Competency *Electro-technical Officer* table A-III/6

(1) The competence requirements for training as *electro-technical officer* are listed in column 1 of table A-III/6 . The minimum requirements are listed in column 2 of the table, and the candidate shall have sufficient knowledge, understanding and proficiency of these subjects in order to serve as *electro-technical officer*.

Table A-III/7 is amended as follows:

### **Specification of minimum standard of competence for *electro-technical ratings***

Training and evaluation for Certificate of Proficiency *Electro-technical Rating* table A-III/7

(1) The competence requirements for training as *electro-technical rating* are listed in column 1 of table A-III/7 . The minimum requirements are listed in column 2 of the table, and the candidate shall have sufficient knowledge, understanding and proficiency of these subjects in order to serve as *electro-technical rating*.

## II

This Regulation enters into force on 1 July.
