

# Raise of MARSEC Security level

Reference is made to the incident in the area of Fujairah 12th of May 2019. Due to the attacks and the unconfirmed circumstances The Norwegian Maritime Authority have decided to give the following instructions to SSO and Masters on board Norwegian flagged vessels:

- Vessels arriving waters metioned below are requested to implement security measures as described in their SSP according to MarSec level #2.

The situation in the affected area may change, and Ship owners and Masters are encouraged to follow the development through NSA Contingency Planning Secretariat closely. NMA will evaluate the situation closely, and any changes will be immediately updated through our newsletter for Maritim Security.
